### Convenient New Lab NOW OPEN at Memorial HealthPlex on Northrise

### Memorial's Outstanding Quality Recognition Continues to Grow

We announced last month that Memorial has earned a **Grade A** from The Leapfrog Group™ for patient safety during our latest Spring survey. Leapfrog™ is an independent hospital rating system founded by corporate executives who wanted to create a simple system for the general public to determine the quality and safety when selecting a hospital. Memorial is **the only Grade A hospital in Southern New Mexico** and one of only 20% of the hospitals across the state that earned a Leapfrog™ Grade A. In a recent LifePoint Health meeting in Nashville, Memorial was recognized for our exceptional achievements in Patient Safety and Quality Care.
