Memorial Residency Program Expands to Alamogordo

Memorial Medical Center is expanding the Primary Care Family Residency Program to Alamogordo, NM, with a projected start date of July 1, 2020. This will be the fifth Family Residency Program in the state of New Mexico. Dr. John Andazola, MMC Residency Director, and Shawnette Alford, GCRMC Program Manager will work together to launch the partnership. We are excited about working with surrounding communities in southern New Mexico to enhance their primary care services.

End the Year on a Healthy Note

At Memorial we understand that preventative care is the key to your overall health. Now is the time to think about scheduling annual physicals and procedures to help keep you healthy. Many health insurance plans offer regular wellness exams and other age-specific preventable health screening, like a mammogram or colonoscopy. If you've been putting off a minor surgery or an important test or screening, schedule it before your deductible starts over in 2020. If you've met your deductible, your out-of-pocket expenses could be minimal or at no cost. Make your health a priority before the year ends. Visit our website at www.mmclc.org under Find a Doc to make your appointment today or give us a call at 800-424-DOCS(3627).

Memorial Gives Thanks to Employees

For the last 20 years, Memorial Medical Center has given our employees a gift of frozen turkeys for the holiday season. This is just a small token of appreciation to thank our employees for the great care they provide to our community. The turkeys were handed out by Memorial's leadership team, and extra turkeys were donated to the local Gospel Rescue Mission. We thank our healthcare team for their hard work and dedication in supporting our mission to make communities healthier. We wish everyone a happy and healthy Thanksgiving.

Mission
Making
Communities
Healthier

Vision
To be a place where: People choose to come
for healthcare; Physicians want to practice;
and Employees want to work.
