Celebrating National Health Care Environmental Service Week

September 8th-14th was Environmental Services (EVS) Week. Memorial Medical Center honored the EVS professionals for the important contributions they make every day to keep the healthcare environment clean and safe for patients and staff. EVS is integral to every healthcare system's infection prevention effort. With emerging infectious diseases, contagious viral strains, and antibiotic resistant 'superbugs' which are a major threat for healthcare institutions large and small, knowledge of proper infection control measures within the healthcare setting is of utmost importance. The prevention of infectious disease is the primary concern for our EVS workers. Help us celebrate by saying 'thank you' by being respectful to them for the hard work they do all year long.

John Harris, CEO with Memorial Medical Center's EVS staff

Memorial Specialty Clinic Opens in Deming, NM

Memorial Specialty Clinic

Memorial realizes the inconvenience for patients to have to travel to see a specialist, that is why we have made all the arrangements to have our specialists from Las Cruces bring their services to Deming, NM. We are dedicated to providing total healthcare to patients and their families in the southwest and surrounding areas of Deming, Columbus, Lordsburg, and Silver City. Our specialty physicians visit the Deming clinic and see patients scheduled on a regular basis. Specialists can order diagnostic imaging, laboratory testing and can even perform procedures providing the compassionate care you need while allowing you to remain close to home.

Memorial Impact of "Quality Care" Video

Here at Memorial we work very diligently to provide very high-quality safe patient care. It takes coordination and focus from all levels and all departments of our hospital to make this happen on a daily basis. Please see our newest "Quality Care" video to learn more on what Memorial Medical Center has to offer.

Mission
Making
Communities
Healthier

Vision
To be a place where: People choose to come
for healthcare; Physicians want to practice;
and Employees want to work.
