Our role as a leading provider of healthcare and economic support for our neighbors is driven by our mission of Making Communities Healthier[®]. We are privileged to call this vital community home and proud to be part of a national diversified healthcare delivery network that allows us to continue to enhance how we care for those we serve.

The support of LifePoint Health and community partners like you help us to advance our mission and create places where people choose to come for healthcare, physicians want to practice and employees want to work. Thank you.

— John Harris, *CEO*

In 2021, we...

...added 104 employed, affiliated, and telemedicine providers

...made more than \$6.3 million in capital improvements

...distributed a payroll of \$115,728,932 to approximately 1,400 employees

...donated more than \$32 million in services to those in need

...paid \$22,634,025 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in cardiology, emergency care, family medicine, gastroenterology, surgery, neonatology, OB/GYN, orthopedics, pediatric critical care, pediatric hematology, urology and more.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included robotic-assisted surgical technology, a urology and cysto surgical table and a linear accelerator.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

MMC administered more than 24,000 doses of COVID-19 vaccines to the community.

MMC is proud to partner with our communities' EMS providers in Making Communities Healthier.
